

Pre-cooler with recirculation

TVC (option):
Motor removal davit

Once-Through Pre-cooler

TVC adiabatic condenser

1. Fan-motor combination
2. Left coil
3. Right coil
4. Pre-cooling pad
5. Adiabatic controller
6. Pressure sensor
7. Air sensor
8. Solenoid valve
9. City water flow regulating valve

Only for Pre-cooler with recirculation

- i** 10. Electric water level control
- 11. Pump
- 12. Pump flow switch
- i** 13. Strainer
- 14. Flow regulating valve pump
- 15. Ball drain valve
