

VTL-E >>> Retrofit Opportunities

-  Improve maintenance and accessibility
-  Enhance operational safety
-  Reduce sound emission
-  Save water
-  Save energy and increase performance
-  Increase reliability

High temperature execution

Steel drift eliminators

Oversized motor & Drive set

Discharge hood

High level access platform

Clean out port

BCP automatic bleed control

Separator

Basin sweeper piping

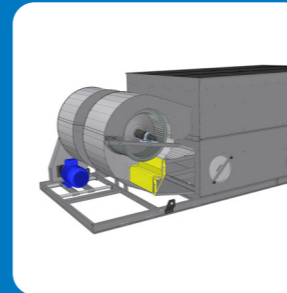

Plume abatament coil

Intake & discharge attenuation

Baltiguard (standby motor & motor base)

Backdraft dampers

Heater package

Electric water level control package
